INSTRUCTIONS FOR SUBMITTING A TEACHING COURSE

FORMAT

This format is best suited for sharing knowledge to improve the quality of clinical care, research and educational practice.

The teaching sessions should:

- Be planned for 90 minutes for theoretical courses
- Be planned for 90 minutes or 180 minutes for hands-on courses
- Be based on a well-established scientific or clinical theme and provide an update on an established, contemporary and relevant scientific or clinical topic
- Utilize a lecture style learning format

PROGRAMME

There must **not** be more than 3 speakers involved including the chairperson for a 90 minutes course and 4 speakers for 180 minutes.

Teaching courses will require a minimum number of 15 participants to be kept in the program

FINANCIAL SUPPORT

Teaching course chairperson organizer (if she/he is speaker) will receive a free Congress registration and 2 nights accommodation.

The other speakers will receive a free Congress registration
