

Your GeneXpert® System provides complex molecular technology that delivers quick diagnostic results. The **Cepheid Cares programme** gives eligible customers in High Burden Developing Countries (HBDC) access to our growing pipeline of compassionate programme tests:*

Xpert® MTB/RIF	<i>Detection of tuberculosis complex and multi-drug resistant tuberculosis</i>
Xpert® CT/NG	<i>Detection of Chlamydia & Gonorrhoea</i>
Xpert® HPV	<i>Detection of high risk Human Papillomavirus DNA</i>
Xpert® HIV-1 Qual	<i>Early detection for Human Immunodeficiency Virus 1</i>
Xpert® HIV-1 Viral Load	<i>Viral load measurement for Human Immunodeficiency Virus 1</i>
Xpert® HCV Viral Load	<i>Viral load measurement for Hepatitis C Virus</i>
Xpert® Ebola	<i>Reliable detection of Ebola Zaire Virus</i>

Our Training and Education Programme is dedicated to helping users improve their knowledge of the GeneXpert System and acquire both practical and technical skills.

*For in vitro diagnostic use. Tests may not be available in all countries.

2016 Training & Education Programme Cepheid HBDC

*For Authorised Service Providers
and Users*

CEPHEID TRAINING CENTRES

Our dedicated training team is delighted to welcome you to one of our training centres: Toulouse (France), Johannesburg (South Africa) and São Paulo (Brazil). Training is available in English, French, Portuguese, Russian, and Spanish.

There is no additional cost for tuition for our Cepheid HBDC training sessions at our centres. Lunches for each day of the programme and local ground transportation to the training centre is included as part of the sessions. Airfare, airport transfers and accommodations are at your own cost. Cepheid can provide assistance for booking accommodations and airport transfers if requested.

2016 Training Sessions

Toulouse, France

January 20-22	July 20-22
February 24-26	August 24-26
March 23-25	September 21-23
April 20-22	October 19-21
May 25-27	November 23-25
June 22-24	December 14-16

Johannesburg, South Africa

February 15-18	August 15-18
April 11-14	October 10-13
June 20-23	

São Paulo, Brazil

June 15-17	October 19-21
------------	---------------

Please register online for one of our training classes adapted to your language at:
www.Cepheidcares.com/tb/training.

Note: Sessions may be subject to cancellation due to low enrollment. If you must cancel your attendance for any reason, please notify the training centre at least one week before the training date.

TRAINING PROGRAMME

The programme includes both theoretical and practical sessions including lab work:

Day 1	Cepheid presentation & Xpert® menu Real-time PCR GeneXpert® System technology Test control strategy GeneXpert System installation Servicing: Part I
Day 2	GeneXpert® Diagnostic software Xpert test theory Xpert test practice Result interpretation Maintenance Servicing: Part II
Day 3	Your Cepheid key contact Troubleshooting Work situation - Simulation of issues Evaluation

The programme can be extended if there are additional Xpert products in our pipeline that interest you.

TRAINING AT YOUR FACILITY

At your request, Cepheid will provide a quote for training at your facility.

WEB-BASED TRAINING

Web-based training is an efficient solution for users needing to quickly implement the GeneXpert System, refresh their knowledge, or get up-to-date on new tests.

This short training programme will facilitate your GeneXpert System installation, improve your knowledge of the GeneXpert System and show you how to process tests according to Cepheid's recommendations.

Objectives	Content of the Programme
Day 1-2: Prerequisites	<ul style="list-style-type: none"> Installation of the GeneXpert GeneXpert technology
Day 3-4: GeneXpert and test(s) information	<ul style="list-style-type: none"> Xpert test results interpretation GeneXpert Diagnostic software
Day 5: Preventing issues	<ul style="list-style-type: none"> GeneXpert maintenance Troubleshooting
Optional	<ul style="list-style-type: none"> How to replace a module on GX IV/XVI

Please contact the training centre to organize web-based trainings.

In here **is a more** hopeful world.
