

OVERVIEW PROGRAM

Sunday 28 Aug.	Monday 29 Aug.					Tuesday 30 Aug.					Wednesday 31 Aug.					Thursday 1 Sept.					Friday 2 Sept.				
	Amphi Dauphine	Bayard Room	Belledonne Room	Oisans Room	Stendhal Room		Amphi Dauphine	Bayard Room	Belledonne Room	Oisans Room	Stendhal Room		Amphi Dauphine	Bayard Room	Belledonne Room	Oisans Room	Stendhal Room		Amphi Dauphine	Bayard Room	Belledonne Room	Oisans Room	Stendhal Room		
08:00 - 08:50	WELCOME OF PARTICIPANTS Badge pick up & Onsite registration																								
08:50 - 09:20	OPENING CEREMONY																								
09:20 - 10:20	C. NOGUERA																								
10:20 - 10:50	Coffee break 30'																								
10:50 - 11:10	OXI 1/8	SST 1/3	LSI 1/3	MOS 1/9	I01 - P.A.																				
11:10 - 11:30	I04 - R.C.																								
11:30 - 11:50																									
11:50 - 12:10																									
12:10 - 12:30																									
12:30 - 14:30	LUNCH																								
14:30 - 14:50	OXI 2/8	I10 - F.G.	LSI 2/3	MOS 2/9	SCR 2/4																				
14:50 - 15:10																									
15:10 - 15:30																									
15:30 - 15:50	I26 - S.W.	SST 2/3																							
15:50 - 16:10																									
16:10 - 16:40																									
16:40 - 17:00																									
17:00 - 17:20	OXI 3/8	SST 3/3	LSI 3/3	MOS 3/9	SCR 3/4																				
17:20 - 17:40		SST 3/3																							
17:40 - 18:00																									
18:00 - 19:30	Exhibition opening & Poster session All posters																								
19:30	WELCOME RECEPTION REGISTRATION																								
08:40 - 09:00																									
09:00 - 09:20																									
09:20 - 09:40	OXI 4/8																								
09:40 - 10:00		ADS 1/2	POL 1/1		SCR 4/4	SMG 1/2																			
10:00 - 10:20					I21 - R.M.																				
10:20 - 10:40																									
10:40 - 11:10																									
11:10 - 11:30																									
11:30 - 11:50	I27 - W.W.																								
11:50 - 12:10	OXI 5/8	ADS 2/2	NAM 1/3	ELC 1/3	SMG 2/2																				
12:10 - 12:30																									
12:30 - 14:30	LUNCH																								
14:30 - 14:50																									
14:50 - 15:10	OXI 6/8	SAS 1/2	NAM 2/3	ELC 2/3	ACS Nano Session Award																				
15:10 - 15:30																									
15:30 - 15:50																									
15:50 - 16:10																									
16:10 - 16:40																									
16:40 - 17:00																									
17:00 - 17:20	I19 - P.L.	SAS 2/2	NAM 3/3	ELC 3/3	ACS Nano Session Award																				
17:20 - 17:40	OXI 7/8																								
17:40 - 18:00																									
18:00 - 19:30	Poster session All posters																								
20:00 - 23:00	GALA DINNER at "La Bastille"																								
08:40 - 09:00																									
09:00 - 09:20																									
09:20 - 09:40																									
09:40 - 10:00																									
10:00 - 10:20																									
10:20 - 10:40																									
10:40 - 11:10																									
11:10 - 11:30																									
11:30 - 11:50																									
11:50 - 12:10																									
12:10 - 12:30																									
12:30 - 14:30	LUNCH																								
14:30 - 14:50																									
14:50 - 15:10	I15 - R.L.	BSS 2/2	MAQ 2/2	MOS 5/9	SMI 2/2																				
15:10 - 15:30	GRA 1/5																								
15:30 - 15:50																									
15:50 - 16:10																									
16:10 - 16:40																									
16:40 - 17:00																									
17:00 - 17:20																									
17:20 - 17:40																									
17:40 - 18:00																									
18:00 - 19:30	Poster session All posters																								
09:30 - 10:30																									
10:30 - 10:50																									
10:50 - 11:50																									
11:50 - 12:00	CLOSING & AWARD CEREMONY																								

ADS	Adsorption and desorption	GRA	Graphene and carbon-based nanomaterials	NAM	Novel advancement of experimental and computational methods	SCR	Surface chemical reactions and kinetics
BSS	Band structure of surfaces	LSI	Liquid/solid and liquid/liquid interfaces	OXI	Oxide surfaces, interfaces and thin oxide films	SMG	Surface magnetism
CAT	Catalysis under ideal and real conditions	M4E	Materials for Energy	POL	Polymer surfaces and interfaces	SMI	Soft Matter at Interfaces
ELC	Electrochemistry at surfaces	MAQ	Metal, alloy and quasicrystal surfaces	RTP	Real-time processes at surfaces	SST	Surface structure
ELPS	Electronic properties of strong correlations systems	MOS	Molecules at surfaces	SAS	Self-assembly at surfaces	TPI	Topological insulators
