

## DECEMBER 12

### Pathways leading to atopic diseases and atopic multimorbidity

8:30-10am

- New risk loci associated with atopic multimorbidity Florence DEMENAIS (*France*)
- Atopic phenotypes and their implication in the atopic march Adnan CUSTOVIC (*UK*)
- Mechanisms underlying allergy and asthma at a molecular level: results from MeDALL studies Erik MELEN (*Sweden*)

10-10:30am

*Coffee-Break and poster sessions + visit of the exhibition area*

10:30-10:50am

Latest updates on allergy diagnosis  
Ignacio ANSOTEGUI (*Spain*)

Food allergy prevention: does one size fit all?  
Kirsten BEYER (*Germany*)

New pathways in environmental allergies  
Frédéric DE BLAY (*France*)

10:50-12:00am

OC 1 to OC 5

OC 6 TO OC 10

OC 11 TO OC 15

### Lunch symposia

12:15-1:30pm

STALLERGENES  GREER  
*Life beyond allergy*

TAKEDA

1:45-2:30pm

*Coffee-Break and poster sessions + visit of the exhibition area*

### ILC2 and asthma: what's new?

2:30 - 4pm

- ILC2 and severe asthma Anne TSICOPOULOS (*France*)
- Neuro immune crosstalk in allergic lung inflammation Vijay KUCHROO (*USA*)
- Negative regulators of ILC2 in asthma Jenny MJÖSBERG (*Sweden*)

4-4:30pm

*Coffee-Break and poster sessions + visit of the exhibition area*

4:30-4:50pm

Origins of asthma - genesis  
Luis CARABALLO  
(*Colombia*)

Latest updates on pediatric drug allergy  
Jean-Christoph CAUBET  
(*Switzerland*)

Latest updates on allergen immunotherapy  
Moises CALDERON (*UK*)

4:50-6pm

OC 16 TO OC 20

OC 21 TO OC 25

OC 26 TO OC 30

7-9pm

WELCOME RECEPTION

## DECEMBER 13

8:00-9:00am

**BREAKFAST SYMPOSIUM : Thermofisher WAO MA Consensus**

### Novel therapies in skin allergic diseases

9:00-10:30am

- Small molecules in skin allergic diseases Audrey NOSBAUM (*France*)
- Biologicals in chronic spontaneous urticaria Marcus MAURER (*Germany*)
- Biologicals in atopic dermatitis Thomas BIEBER (*Germany*)

10.30-11:00am

*Coffee-Break and poster sessions + visit of the exhibition area*

11:00-11:20am

The latest updates on biomarkers and new therapeutics for asthma management  
Arnaud BOURDIN (*France*)

New strategies to fight food allergies  
Alessandro FIOCCHI (*Italy*)

Latest updates in multiple organ allergy involvement  
Jocelyne JUST (*France*)

11:20-12:30am

OC 31 TO OC 35

OC 36 TO OC 40

OC 41 TO OC 45

### Lunch symposia

12.45-2:00pm

abbvie

2:15-3:00pm

*Coffee-Break and poster sessions + visit of the exhibition area*

### Drug hypersensitivity: a need for consensus

3:00 - 4:30pm

- Delayed allergic reactions Annick BARBAUD (*France*)
- Betalactam antibiotics Maria TORRES (*Spain*)
- Radio contrast media Mario SANCHEZ BORGES (*Venezuela*)

4:30-5:00pm

*Coffee-Break and poster sessions + visit of the exhibition area*

5:00-5:20pm

Food allergy diagnosis and management  
Motohiro EBISAWA  
(*Japan*)

Profiling reactions to chemotherapy and biologics  
Victoria CARDONA (*Spain*)

New approaches in anaphylaxis management  
Luciana KASE TANNO  
(*France*)

5:20-6:30pm

OC 46 TO OC 50

OC 51 TO OC 55

OC 56 TO OC 60

## DECEMBER 14

8:00-9:00am

Breakfast symposium

Climate change, air pollution and health impact of airborne biological particles

9:00-10:30am

- Climate change and its direct and indirect effects on the allergy epidemic **Isabella ANNESI-MAESANO (France)**
- Climate change: consequences on pollination and sporulation **Jeroen BUTERS (Germany)**
- Thunderstorm asthma, not only pollens but also molds as trigger factors of severe asthma, near fatal asthma and deaths for asthma **Gennaro D'AMATO (Italy)**

10.30-11:00am

*Coffee-Break and poster sessions + visit of the exhibition area*

11:00-11:20am

Latest updates in Drug Allergy  
**Didier EBO (Belgium)**  
Off-target occupancy of MRGPRX2 in immediate drug hypersensitivity: what do we know?

Latest updates on upper respiratory tract allergies  
**Philippe GEVAERT (Belgium)**

Understanding the pathophysiology of asthma  
**Hamida HAMMAD (Belgium)**

11:20-12:30am

OC 61 TO OC 65

OC 66 TO OC 70

OC 71 TO OC 75

Lunch symposia

12:45-2:00pm

Symposium with Lunchboxes

Symposium with Lunchboxes

Symposium with Lunchboxes

2:15-3:00pm

*Coffee-Break and poster sessions + visit of the exhibition area*

3:00-3:20pm

Cross talk between allergic response and cancer and/or food allergy mechanisms  
**Erika JENSEN-JAROLIM (Austria)**

Latest updates on microbiota and allergy interactions  
**Harald RENZ (Germany)**

Latest updates on spontaneous chronic urticaria  
**Angèle SORIA (France)**

3:20-4:30pm

OC 76 TO OC 80

OC 81 TO OC 85

OC 86 TO OC 90

4:30pm

END OF THE CONFERENCE
